# PHILLIES ENTERTAIN GIANTS AGAIN TODAY—DR. KRAENNZLEIN TO REMAIN HERE

## PHILLIES OWE **MUCH TO DOOIN** FOR HIS WORK

Auburn-haired Leader Has Some Favor Giants to Win, Wrought Well Despit Reverses and Should Not Be Allowed to Go to Braves.

Aside from the all-important question as If that is so it will be sad news.

that his club was shot to smithereens by that his club was shot to smithereens by
the Federal Lengue is alone responsible
for Dooin's club dropping from second
place to second division in the space of
one short reason.

The Athletic players themselves are
divided on the question of which club they
reason that different motives lead them to

should have been added to their string | Won, of victories. Purther, if Seaton had been here, the Philles would probably be so near the top that they would be figuring on how they could most enjoy their world's series coin. As for the other losses, they matter little in the final out-

Even with all the breaks of the game going against him at every tuen. Charley Dooin has stood up splendidly under the grilling. He has caught far more games than a manager should, because he believed that his presence behind the bat Yates and Blackburne Now Tied for

would be of value to his club. And it was, Charley was in the line-up, and the power of the team's play was increased far more than his more catching would have justified. It was the personality of Dooin on the field which helped and which kept the club up as high as it is

Phillies have played with the Glants the New Yorkers have lost ground by getting only an even break. The Glants clearly showed that if they are strong enough to win the National League penenough to win the National League pen-mant the Braves must be minch weaker than generally credited. And to sift the proposition still there if the dilants come through this sensing the superiority of the American League is established beyoud the shadow of a lingering doubt.

count of dimerit is lime for Macking to look toward strengthening bile club. There is not a player on the New York Club who can really be called streat except Matty McGraw to be sure, is worth half a dozen stars. Matty was in bad shape in the final game of the double-header against the Phillies and was resulted in the final game of the double-header against the Phillies and was resulted in the final game of the double-header against the phillies and was resulted in the first placed second, Mrs. Houlding, the title bolice, was making a clean sweep aced by O Toole in the third inning.

Phile yesterday Catcher Burns wild throw to third was all that saved the day for Teefens and prevented the Brayes from being three and a half games ahead of the McGrawites instead of two and a half, as they are today.

the Glants will be started at I o'clock. This will be the starting hour for all single games of the local National League during the remainder of the season.

Some days ago Christy Mathewson predieted that the Beston Erraces had been going at #1 h it reversations page that they would break somer or later if that is true it will be inter for an to date there has been no sign whatever of disintegration. On the contrary been increasing the power of both that offensive and defensive branches. Thei offensive and defensive branches. Their pitching has not deteriorated one total and their general may have been such that the more the followers of the term have seen of them the more curtain they have become that they will ultimately win out. On the other hand, the Glants, despite their boasted strength have been playing loosely aftered and the pitching except on those occusions when Marty has been in his not been more than the present. has been in, has not been up to permant-winning standard, and change be com-pared with the spiendid work of James. Tyler and Rudolph.

A few words about this accelled to such a small degree on any given club that it is a negligible quantity. "Nerve-racking" and "bian tension" are his club is near the top fighting for place and when it is safely suitching the appermost ring, he will tell you that as far as his play is concerned, there is no difference. His mental artifold his the ball field is the same. There are, milnrally, some exceptions to this but this applies to nine cause out of ten. A boll quickly and without mental flury inter all direumstances, here, the wild remarks concerning the heights to which they are keyed are murely mental flurries them-

Solving terriament was won by J. Keelle, of Noveleh with J. W. Dixon second and W. Webster, third. The second lightning tourney was won by B. Goulding Brown, with J. D. Chambers and G. Shories tied for second, and R. H. S. Stevenson, forced

## WINTER SPORTS JUST NOW COMING INTO THEIR OWN

Basketball, the Forerunner. American League Batsmen, Rumor Had It That He Was Intercollegiate Point Winner At a Meeting of the East-Is Certain.

Winter sports are beginning to awaken and settle the holiday plums on the bataman. acheliale's make-up.

When the Bret meeting of the league Schuffer, sailed the body to order and suggested that the Allentown team and the Asbury Park, N. J., five be admitted to the league. But this was vigbroundy protested by the representatives of the six clubs, and it was decided to let the circuit stand as it is. After more than two hours' wrangling over the best holiday dates, in which the ourof-town cinbs, namely Trenton and Reading, protested traveling away from home. the meeting same to an end. With the

Murphy and Gavvy Cravath made store catches.

One matter that will come up tonight for consideration is the absolute protection of the referee before, during and after the game. During the season of last the later has highly recommended the former for his job as manager of the Tankees.

American League know that Johnson is not going to attempt to use the "heare ball" on them, and furthermore, that his control is so wonderful that the chances for his job as manager of the Tankees.

Tankees.

Along with Tyler and James, Rudolph has been carrying the pitching burden of the Boston Braves in their mad rush for the National League pennant. The trio has won 59 games and lost 28. Of these Rudolph has captured, including yesterday's game, 21 affairs and has been credited with 11 defeats, most of which were sustained during stages of the race, when the Braves were adorning the bottom of the ladder. There are only three pitchers in the National League who have a better pitching average than Rudolph; his teammate, James, who is leading, and Doak, of St. Louis, and Tesreau, of the Giants. At present Mathewson and Rudolph are tied. The pitching prowess of Dick Rudolph was shown yesterday, when he won out despite the seven errors made behind him.

# PENN STATE SQUAD A SUCCESSFUL ONE

Sixty Candidates Are Out for Five Vacancies On the Eleven - Coaches and Players Optimistic.

STATE COLLEGE, Pa., Sept. 15.—With more than 60 eager candidates fighting for five vacancies on Penn State's football team, the outlook for a successful season is most encouraging. Determined to forget the disastrous closing of the 1913 schedule, the coaches and players have taken on a most optimistic air. They are encouraged by the splendid condition of the eight varsity men of last year's team, and are sure that two haifbacks, two guards and a tackle are to be developed readily from the string of well-coached schoolboys who have reported for the preliminary practice.

Coaches Harlow and Hollenback are confronted by two problems—the satisfactory development of a left tackle, around whom State's offensive play is to be constructed, and a quarterback to succeed Captain "Shorty" Miller, who was graduated last June. By shifting to left tackle Levi Lamb, Penn State's bulwark on the right wing, the first puzzling problem would be solved easily. But for the fear of weakening the right side of the line by Lamb's removal.

But for the fear of weakening the right side of the line by Lamb's removal. Coach Dick Harlow is reluctant to make the change. Should all other alterna-tives fail, Lamb may play the left wing captain Tobin is first choice for the quarterback vacancy. His wide football experience, and his adaptability to backfield positions give him the first call. At present he is playing the position satisfactorily. He is directing the eleven with judgment and handling forward passes cleverly. Next to Tobin, Ewing, the ex-Pittsburgh Central High School star and all-scholastic quarterback of western Pennsylvania, is favored. He is a newcomer here, and his early showing has created a profound impression on Coach Bill Hollenback. Whether Ewing or Tobin play the position depends upon the success in finding half-backs to succeed Tobin and Berryman. Berryman is again in college, but ineligible. Captain Tobin is first choice for the

Berryman is again in concess.

elligible.

Two rare halfbacks are in the squad.
They are Weity, of the 1913 eleven, and
Whetstone, the ex-west Philadelphia
High School back. Much is expected from
both of these men. Another possibility
is Cubbage, from Philadelphia Central
High School. He played both in the backfield and line last season on his school
eleven. Other likely looking recruits for
halfback places are: Yeager, of Bellefonte High School: Fast, a former captain
of the Harrisburg High School team;
Yerger, a sub-halfback here last year; Yerger, a sub-halfback here last year; Dippe, a substitute last season, and Gard-ner, of Harrisburg High School. The end candidates are: Morris and Barron, both "S" men; Higgins, of Peddie Institute, who is forcing the veterans to the limit to hold their jobs; Schry, of Johnstown High School; Thomas, captain of last year's freshman team, and Seimon, of Allegheny High School

The following are aspirants for the two guard positions, made vacant by the graduation of Vogel and Weston: Miller, fraduation of voget and vestion as a substitute of last season; Locke, a former Haverford College player, who was incligible last year; Kelly, of St. Joseph's College, Philadelphia, and Woertz, formerly of Central Manual Training School, Philadelphia, For tackles there are: MacDowell, who won his letter last year; Lamb, the aggressive emy: Swayne, of Bellefonte Academy; Sutton, of Allegheny College, and Oberle, a Philadelphia boy who came from Mer-cersburg Academy. Wood is sure of the job at centre. The same holds true of H. Clark at fullback. Both these men are in the pink of condition and ready to go

## KID WILLIAMS DUE TO FIGHT HERMAN, OF PEKIN, HERE

Bantamweight Champion Is Engaged September 28, at the Olympia, and Later Will Fight Another Boy.

According to a statement of Sammy Harris, diminutive manager of Kid Williams, the world's bantamweight champion, the titleholder will delight Philadelphia audiences at least twice this season, as the Baltimore fighter is scheduled to battle Kid Herman, of Pekin, Ill., at the Olympia Athletic Association, September 28. Herman is well-known in the East, where he has fought well. He beat Louisiana, as the fight fans will probably remember.

Williams is to fight some other good boy after the September 28 engagement, but who his opponent will be has not been determined. Harris and Williams will leave Philadelphia tonight.

Before a house which was crowded to the doors with fans, Kid Williams, of Bultimore, bantamweight champion of the No Effect on Gun Carrying world, defeated Louisiana, of this city, in every one of the six rounds, at the Olympia Club last night. It was a slow contest.

Both men weighed in under lie pounds at 10 o'clock, stepping on the scales at the ringside in the presence of the spectators. Williams started off as mad, and after a minute of the first round had ciapsed he clipped Louisiana on the jaw and sent the latter to his knees.

Williams was the aggressor in the the later has highly recommended the second and third rounds, and had former for his jab us manager of the fact that the only remainded that the only second and third rounds, and had

## KRAENZLEIN, NOW ON VERY LIKELY TO BE | AMERICAL SOIL, MAY NOT GO TO BERLIN

Because of the Great War He Believes His Contract to Coach Germany's Athletes Is Ended.

The European war has made available for some American university one of the best football trainers and track and field coaches in America. This is Alvin C. Kraenziein, the former University of Pennsylvania all-around athlete, who was engaged a year ago to coach the German Olympic team. Kraenzlein left Berlin but a few days before the great struggle for a two months' leave of absence. He was two days out at sea when war was declared, and no one was more surprised than he over the outbreak of hostilities, Although he still has two years of his contract to fulfill, Kraenzlein thinks his work in Germany is done for the present.

"I haven't heard a word from the German Olympic Committee since I left," said Kraenzlein yesterday. "In view of the fact that every young man between the ages of 19 and 24, and a good many younger and older, are now engaged in the war, there wouldn't be any athletic team there even if there were any time to think about such things. No matter how the war results, it will take so much money, time and men to recoup from this struggle that all sinds of sports will have tough sledding there for a good many years to come.

"My plans for the immediate future are not at all definite, but in the absence of further news from Germany I am going to stay right here. It is possible that I will do some coaching at some American college during the coming year. Asked as to the results of his first

year's work in Germany, Dr. Kraenziela year's work in Germany, Dr. Kraenziein could not speak specifically.

"My first year's work in Germany was entirely educational," he continued. "I went over the biggest part of Germany, visiting many of the schools, colleges and clubs. With the assistance of the German Olympic Committee I was able to give instruction in the various events to the officials of a great many clubs and other institutions These men in turn gave instructions to the young men under them, and we hoped to see definite results from this sort of missionary work within an-

this sort of missionary work within another year. I was not able to do very much actual work with individuals, though I did find a few who looked promising enough." Those who saw the Olympic games at Stockholm two years ago will be disappointed to learn that the running days of Hans Braun, the phenomenal German middle distance runner, are apparently over. Dr. Kraenzlein states that Braun suffered from rheumatism to such an extent that he can hardly train any longer.

### PADDY BEDLEY COMES BACK

Makes Chopping Black of Eddie King

and Bout Was Stopped. Paddy Bedley, of North Penn, made his heavyweights from Harry Hillman Acad- absence and came back with a vengeance against Eddie King in the final bout of the North Penn A. C. last night. King took such a beating from the North Penn boy that the referee decided that the bout had gone far enough before the fourth round had been completed.

Jimmy Buck got the better of Young Johnson in the semifinal of six rounds after a lively setto. Tommy knocked out Jack Hannon, Henry Hinckle and Jack Stanley boxed a draw, and Willie Smith got the better of Johnny Dugan in six rounds.

### BROOKFIELD AND KERR WIN

Reach Clay Court Challenge Round, Defeating Weinrott and Margolies. Robert M. Brookfield and Arthur Kerr, coach and captain respectively of last year's Central High School tennis team, worked their way into the challenge round of the eastern clay-court championships by disposing of Leo Weinrott and A. H.

Margolies in the finals at Strawberry Mansion yesterday afternoon in straight sets, 6 to 2, 6 to 4 and 14 to 12. Brookfield and Kerr have played remarkably consistent tennis all through the tourney, and are favored by many to lift the title when they go against I. S. Cravis, the singles champion, and Charles C. Van Horn in the challenge round tomorrow.

### ROD AND GUN

Sportsmen who may be interested in reed-bird shooting probably know that the open season in this State, New Jersey and Delaware is now on, but it is not for their information that this item is printed. Others are notified that September 1 the open season was on and ends October 31. Joseph Kalbfus, secretary of the game commissioners, has sent out a letter relative to this condition. Heports from the sheeting grounds do not indicate very favorable sport.

Gunners who have thought of taking trips into the interior of Canada in the hunt for big game have been puzzled to know whether the European war would affect the carrying of firearms into the Dominion. Collector J. W. Hoyt, of Canada, has written to a gentleman in this city, stating that the war will have no effect upon the regulations covering hunting parties. Collector Host writes, "Bring all of your outfit, and don't worry."

Plenty Rhode Island Fish C. W. Willard, president of the Rhode Island Commissioners of Inland Fish-eries, has sent out a letter to friends in this section, calling attention to the #5 cellent fishing to be had off Block Island and adjacent waters. President Willard emphatically states that any sort of 3 fisherman can net big catches. He writes that the rod and reel fishing is particus

Duck Hunters Think of Sport

Attention has again been brought to the ducking sport by a communication from Captain S. T. Barnes, of Havre ds Grace. Md., who is already making prep-arations for the reception of the sports-men of the country who annually land there for this fascinating pastime.
